

The Real Deal Since 1992

“Curtainsider[®] has created the optimum solution that provides the load protection of a box van and the fast loading and unloading capabilities of a flatbed.”

Curtainsider[®] is ideally suited for use with various cargos and can be tailored to suit your needs, further increasing operational efficiency.

The Curtainsider[®] Advantage:

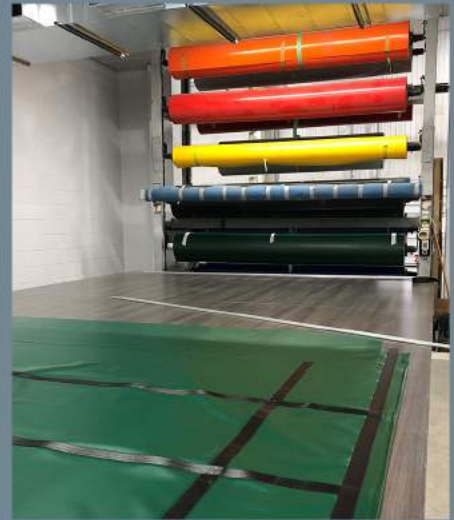

1. Shielded, maintenance-free curtain rollers; no lube of the track required.
2. Pelmet (roof-to-curtain seal) rated for -70°C (-94°C) that will not crack from the cold.
3. Curtains made from high quality 28 oz. 2x2 weave, coated PVC choice of over 20 colours.
4. Quick-release tensioner that has a handle which tucks in and will not catch (no-knob style).
5. Curtain poles are very fast to change compared to the heavy, steel pole with the 10-15 rivets.
6. Rolling pillar that allows for a full 102" wide load when required.
7. Attention paid to detail, we take pride in fit and finish!
8. We service what we sell!

Curtainsider[®] Inc.
